

Description

We have three types junction box:
Signal adjustable, Excitation adjustable, Digital.

Stainless steel junction box,
ABS junction box and aluminium
junction box can be chose.
The speciality of the cable port are 4,6,8,10,12.

Name and how to Choose

Connecting Diagram

Max. permissible voltage: 18V

Nominal temperature range:
-10...+50 [-40...212] °C [°F]

Storage temperature range:
-20...+60 [-40...212] °C [°F]

Cable connection: 5...7mm
for cable diameter

Protection class according to
IEC529: IP67
